

The Llys Nini Animal Centre rescues and rehomes animals from across South Wales. It is funded entirely by public donation, without their help there would be no Centre!

Harley and her owner were caught in a fatal house fire. She was nursed back to health while her owner recovered in hospital.

Molly was neglected, abused and abandoned. She was rescued and made a full recovery!

She is now happy and healthy and living in a new home, but what would have happened to her if there had been no Llys Nini Animal Centre? Can you help the Centre with its work?

**Please become a supporter for as little as £1 per week.**

Llys Nini rescues, treats, rehomes about 1,000 pets and wild animals every year.
